

Since 1963 we have been making wooden chairs, stools and sofas with refined upholstery to give elegance and comfort to every environment. we have always been proud supporters of design and high quality products made in Italy.

Design: Studio Carlesi Tonelli

ITF Design was founded in the late 1980s. Quality understood as the continuous search for optimal materials, high creativity and safety. A company that is attentive to the world of design, art and the evolution of living and dwelling styles, in order to realise contemporary solutions suited to the most current needs.

Design: Alberto Turolo

Since 1895 we have been designing and manufacturing chairs and small accessories in wood, a material that inspires shapes and workmanship, but above all our production philosophy. We believe in sustainability and respect for the environment, using selected materials to create products that last.

Design: Nicolas Profit & Jean Michel Policar

The logo consists of the lowercase letters 'd' and 'h' in a stylized, rounded font, positioned in the top left corner of a white square.

design hub

**Design Hub**, the network founded by Blifase, ITF Design and Livoni, provides high quality contract furniture to international markets.

**The companies' philosophy** is still based on artisan values and the tradition of the territory: 100% **Made in Italy** production, quality and attention to detail are the key points that are reflected in the products the companies offer their customers.
